

Save PECOSA Campaign, Call for Global Social Boycott of PECOSA EC 2018-20 Members

Academy of Motion Picture Arts would have been irreparably tainted, if they had had not barred Harvey Weinstien, waiting for a court conviction decision. But, the Moral Values of Industry were sufficient to impose a ban, on the basis of allegations alone. We are pained to disclose that PECOSA Executive Committee 2018-2020 has been set aside, declared Null and Void, AB Initio by the Court, still they continue to operate in contempt of the court decision. The court case was filed after they indulged in gross manipulation, in total disregard of the approved bylaws of PECOSA. In spite of the impending court case no work has been completed in the last 2 years. Neither they work, nor they allow anyone else to finish many incomplete tasks like E-Voting approved by AGM 2017.

While we applaud those who respected the court judgment and Cancelled Diwali Meet, we wonder what are the compulsions of Houston Organising Committee, that they are still allowing PECOSA EC members to take active part in the Proceedings. Its Ironic that People who want to take the Credit for Houston Meet have not even Sent Bulk Emails informing our Global Alumni about the Event. What has happened to our Moral Compass? Have we forgotten our "Honesty Pledge"? It will be extremely unfortunate and embarrassing for everyone, when people who have destroyed PECOSA are allowed to attend, especially when the important functionaries from PEC are also going to attend.

No Bulk emails sent to 10000 alumni. Shocking!! Isn't It??

The Organisers were timely informed, Vide Poll, in our Facebook Group on Sept 2nd, that more than 59.5 % people had not received intimation about Houston Event from any source. Our Poll held on Oct 14th shockingly reveals that till today no Bulk Emails have been sent from president@pecosa.in to latest cleaned database of more than 10,000 alumni members available with them now. Technology Challenged people are holding our Entire Alumni Community to Ransom and still dont even feel sorry. Hence we are calling for a Global Social Boycott of people who have brought unimaginable loss and disrepute to PEC and PECOSA. The Organisation which should be the biggest asset to its alma mater is totally dysfunctional. Please help us in rebuilding PECOSA. PECOSA needs your active participation and help now. We need your help. We can't do this alone. Please share our appeal/message in your PEC alumni circle.
